Fri 15 th	INSET day school closed
Mon 25 th	Back to school

17.1.19

Dear Parents and Carers

There has been a taste of spring today, and fingers crossed this weather stays for the weekend.

Flu vaccine

If there are any parents/carers whose child didn't have the recent flu vaccination but who would now like to have one, please follow the link below. Apparently, the vaccines are not available at your GP surgery, but the link will tell you where they are available. The Department of Health has asked schools to impress on parents/carers the importance of flu vaccinations, especially for young children and old people.

<https://www.nhsimms.uk/FLU/information>

Coming to school

We have had two incidences this week of infant children being dropped off by parents or older siblings, and left to walk the rest of the way to school by themselves. Not only is this dangerous for the child concerned who may fall or decide to turn round and run away from school, but it is frightening for the child to have to make the journey by themselves. Children in the infants must be taken to their classroom door by their parent/older sibling, and if the door is not open then they must wait with the child. Children must be supervised until they can get into school. Our doors are open at 8.45am and on rainy days, a bit earlier.

Rock Star reminder!

On Wednesday it is Rock Star Day at Abingdon Primary! Everyone is coming dressed as a rock star and there will be a surprise during the day for the children!

If there is anything you wish to discuss further, please contact school.

Kind regards,

A.Naismith
Headteacher
